

Teaching brains to see brains

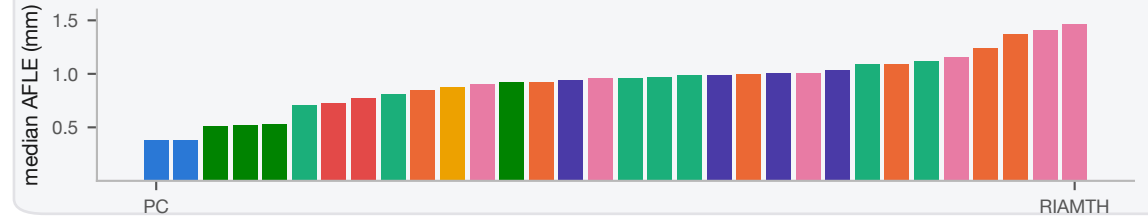

An open, AI-guided platform for learning anatomical landmark placement, calibrated to a decade of expert rater data

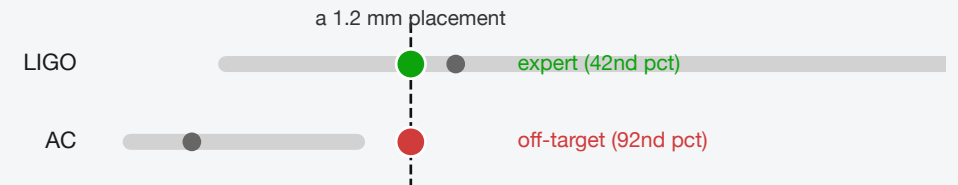

ANATOMY-FIRST TUTORING

- Teaches recognition, never coordinate lookup
- Plain-language glosses for every anatomical term
- Feedback adapts to the viewer (zoom / resolution)

GROUNDED IN 492 EXPERT PLACEMENTS · 132 SUBJECTS

"YOU vs. THE EXPERTS" — THE SAME ERROR, JUDGED IN CONTEXT

Browser MRI viewer + streaming AI tutor · no install · bring-your-own-key

Quality assurance and active learning as two sides of the same coin.
